

## TEACHER OF SCIENCE Required for September 2021 Salary Range MPS/UPS including Fringe allowance

Is science more than just a subject to you? If you live and breathe all things science and want to inspire young people to do the same then we would love to hear from you.

Our vision is to develop world class students who have the belief in themselves that anything is possible and go on to lead happy and successful lives. We would love to work with you if you are hungry to grow and learn and have a keen interest in becoming the best teacher you can be, by building effective relationships and instilling in students the same love of science that you yourself will have.

The Misbourne is an aspirational and friendly place to work where every student and member of staff is a valued member of our community. You will be working alongside a strong and aspirational curriculum leader and a supportive team including three experienced science technicians.

We will work closely with you to support your career goals and offer high-calibre CPD and opportunities for future promotion within your subject and the wider school. We are looking for one thing in return: a relentless pursuit of excellence in everything you do.

Although we are looking for someone with the ability to teach all three sciences to GCSE, each team member has their particular area(s) of specialism. Frequent departmental CPD utilises this expertise to help ensure the whole team deliver the same high quality across the curriculum. The ability to teach A-Level Chemistry is desirable but not essential as we will be keen to support you in developing your A-Level teaching whatever your specialism or career stage.

We can offer you:

- A dedicated specialist lab for all your lessons.
- Practical and administrative support from a team of experienced technicians.
- An evidence informed approach to school improvement, only implementing what we feel will make the biggest difference to the lives and outcomes of our young people, being mindful of staff workload and well-being.
- Well-embedded electronic resources to support teaching and reduce workload.
- A genuine commitment to support your career development through our CPD programme, described by Ofsted as 'exemplary'.
- Your own laptop in addition to a desktop PC in your lab.

This post would suit an NQT or a more experienced teacher on either a full time or part time basis. If this role interests you, please visit the 'Joining Us' area on our website: [www.themisbourne.co.uk](http://www.themisbourne.co.uk) or contact our HR Officer, Natalie Green at [hr@themisbourne.co.uk](mailto:hr@themisbourne.co.uk) for further information and an application form. Letters of application should be addressed to the Headteacher, Jo Meloni, on no more than two side of A4 equivalent, no smaller than font size 11.

**The closing date for applications is 9am on Monday 26<sup>th</sup> April 2021.** Interviews will take place **Thursday 29<sup>th</sup> April 2021**, although we reserve our right to interview early for exceptional candidates. Please email your completed application to: [HR@themisbourne.co.uk](mailto:HR@themisbourne.co.uk)

The Misbourne is committed to safeguarding and promoting the welfare of children and follow safer recruitment practices. All appointments are subject to an enhanced DBS check.
