

March 2020

Dear Families

As part of our on-going curriculum enrichment provision in school, we are running a series of Enrichment Days each year, to provide students with the opportunity to bring learning to life and experience aspects of the curriculum that they may not usually have the chance to.

We are pleased to let you know that the first of these Enrichment Days will be on Monday 30th March 2020. All our students will be in their year groups for the day, experiencing a range of exciting activities/events led by different curriculum areas:

- Who is the event for? Year 11 Students
- Which Curriculum areas will be running the day? The Science Department
- What does the day involve? Year 11 students in Science will be exploring employability skills in STEM through GCSE required practicals. Students will participate in a carousel of Science related workshops covering Biology, Chemistry, Physics, Maths and Literacy which will support their understanding of STEM related careers as well as offering additional support and preparation for their forthcoming Science GCSE exams.
- Do students need to bring anything with them? No.
- Additional Information? Please be aware that the times of the day will stay as normal.

If you have any further questions, please do not hesitate to contact me at admin@themisbourne.co.uk

Yours faithfully

Mrs C Owen
Head of Year 7
Curriculum Development Manager

The Misbourne continues to be a Good School:

“A culture of ambition permeates the school; students are at the heart of everything the school does”
